"Gretchen, you and your skilled team exceeded my every expectation. The food was not only delicious but so gorgeously presented...every morsel was like a work of art. The evening ran so smoothly thanks to you and the professional attitude of every person there.

"I wanted to thank you and your staff for doing such an outstanding job last weekend with the wedding of our daughter, Emily Miller. I was so impressed with your organization, enthusiasm, patience, friendliness and thoroughness. The food was absolutely delicious and beautiful. I have received many compliments. From my end, it appeared that you and Colleen from Kramer Events collaborated very well together. Thank you for doing such an efficient and thorough clean up. That was an important day for us and I attribute a huge part of its success to you and your staff. Please let me know if I can ever be a reference for you. I will be full of praises."

Ok seriously... working with Taste was such a great experience! The food and Elaine were both AMAZING! She helped us pull off our office party without a hitch, and everyone raved about the food. I am a caterer myself, so I know the difference between a good event and a great event. Thanks again to Elaine and the staff at Taste :)
